## Round Crochet Vest for girl

In this post I want to show you this beautiful round vest that I made for my little princess Constanza.

I had seen models like this and I finally decided to crochet it. I found it very easy and quick to crochet, plus I used little material.

First, you have to crochet a rectangle and then 2 strips of chains that will form the armholes of the vest, from there you have to continue crocheting in the round until the desired size is reached.

This pattern can be adapted to any size, you just have to crochet a larger rectangle for the back and add more chains for the armholes, the rest of the steps are the same. In addition, the back can be crocheted using other stitches like: double crochet, single crochet, fantasy stitches, etc., and then crochet the rest of the vest using the pattern.

To make you easier to understand here is the tutorial to crochet this vest:

- (2)** Ch 34 (1° armhole).  
2 dc, ch 1 into base chain until end.  
Ch 34 (2° armhole), join with sl st to the 1° st of row 12.
